

**Question 1**

Please write the equation of the conic section graphed below. You can assume all vertices and co-vertices are on integer gridpoints.

**Question 2**

Please write the equation of the conic section graphed below. You can assume all vertices and co-vertices are on integer gridpoints.

**Question 3**

Graph the conic section represented by the equation. For a hyperbola, please include the central rectangle and the asymptotes.

$$\frac{(x+5)^2}{4} + \frac{(y-3)^2}{36} = 1$$

**Question 4**

Graph the conic section represented by the equation. For a hyperbola, please include the central rectangle and the asymptotes.

$$\frac{(x+2)^2}{36} - \frac{(y+3)^2}{16} = 1$$
