# Inverse, Even, Odd, Domain, Range EXAM (version 132)

1. You've been given part of $y = f(x)$. Sketch the other half to make f **odd**.

2. You've been given a graph of $y = f(x)$, with a few key points indicated. Please sketch $y = f^{-1}(x)$, where f^{-1} is the **inverse** of f.

Inverse, Even, Odd, Domain, Range EXAM (version 132)

3. You've been given part of $y = f(x)$. Sketch the other half to make f **even**.

4. Find the domain and range of the function shown below.
